

**VALUE REEL AND STAND**

- ★ The galvanised value reel holder can be attached to a stand
- ★ Ideal for temporary and movable horse camps
- ★ The reel holds 100m/200m of 40mm/12mm tape or 500m of poliwire
- ★ The reel has a ratchet for superior tension control

**POLIWIRES**

An economic choice for temporary fencing, featuring 6 stainless steel conductors and UV stabilised yarns; available in white or orange in 200m or 500m rolls

**SCREW-ON INSULATOR**

Can be attached at any point along a dropper to support an electric wire

**PIGTAIL INSULATOR**

Bolted onto angle-iron poles to make 40mm tape poles for portable paddocks

**SPRING GATES**

Available in Galvanised Steel or Powder Coated White. Used for 3,5m cattle or horse gates

**HEAVY DUTY COMPRESSION GATE BREAK HANDLE**

- ★ Strong robust body
- ★ Positive non-slip grip
- ★ High tensile, heavy-duty spring compresses under tension, preventing over-stretching
- ★ Fully galvanised

**SPRING GATE KIT**

**TAPE GATE KIT**

**8MM POLIROPE**

(8mm wide/200m rolls) Poliropo is also suitable for second stranding a 40mm tape permanent fence for making electric gates.

**EURONET ELECTRIC FENCE NETTING FOR SHEEP**

- ★ Ideal tool to safely overnight your flock, keeping them safe from jackal and improving pasture management
- ★ Euronet is available in 50m rolls and 900mm or 1200mm heights
- ★ The posts are very stable and have galvanised double-spiked tread-ins on the bottom

**STOCKMAN TRIPLE REEL ON STAND**

- ★ Comes complete with 200m of Politape on each reel
- ★ Single handle rewinds all three reels
- ★ Ideal for strip grazing sheep, goats or pigs

**PIGTAIL STANDARDS**

- ★ Durable crimp foot design
- ★ Large foot for ease of placement
- ★ 6mm spring steel
- ★ Ideal for strip grazing cattle

**HEAVY-DUTY PLASTIC TREAD-INS**

- ★ Stafix plastic tread-ins are ideal for temporary fencing and can be used with plastic tapes, wire or rope
- ★ Each tread-in has positions for 40mm or 12mm politape or 8mm poliropo or poliwire
- ★ The tread-ins are available in 1.2m (cattle and sheep) and 1.5m lengths (horses)

**END / CORNER STRAINER INSULATOR**

- ★ This robust, unique, versatile, easy-to-install, multi-faceted strainer/corner insulator can be nailed, or stapled to a wooden strainer post or pop-riveted onto a metal strainer post
- ★ It has 3-Way straining capabilities and is ideal for corners and angles

**TAPE BUCKLE**

Used to attach tape to strainer insulator and in electric tape gates

**ACTIVATOR CLIP**

Used in conjunction with end/corner strainer and gate handle, to complete the current when the gate handle is connected

**INTERMEDIATE HORSE TAPE INSULATOR**

- ★ This insulator can either be nailed or stapled to wooden posts or it can be pop-riveted to metal posts
- ★ The intermediate horse tape insulator is suitable for both the 40mm and 12mm tape as well as the Poliropo

**TAPE JOINER**

An aluminium buckle used to join tape

**COMBI OR MAX TENSIONER**

Used to tighten 12mm Politape

**12MM POLITAPE**

(12mm wide/200m rolls) Ideal for temporary subdivision of camps or for the second strand on a permanent 40mm tape fence

**40MM HORSE TAPE**

(40mm wide/200m or 50m rolls) Available in white or brown, these highly visible UV stabilised tapes are ideal for electric fencing permanent or temporary horse paddocks.
